

Lutheranch COVID-19 Operating Procedures

What to Expect for Overnight Guests

Updated July 2021

Due to the ongoing Coronavirus pandemic, Lutheranch has made several changes to our standard operating procedures to reduce the risk of spreading COVID-19. This document describes the changes and what you should expect during your stay.

Overview of Changes

- Mask wearing is encouraged for anyone 2 year of age and up who have not been fully vaccinated.
- Guests are encouraged to wear masks while gathering in large groups; and around other guests who aren't a part of your group.
- Maintaining 6 feet social distance both indoors and outdoors is encouraged whenever possible.
- Maximum number of guests staying at McKanna-Sandrock Retreat Center may be limited to allow sufficient space for social distancing in compliance with current CDC guidelines.
- Shared outdoor equipment, such as fishing poles or soccer balls, must be checked out and will be cleaned and sanitized before it is offered for use by another group. Some equipment will be assigned to a group for use during the duration of your stay to avoid cross contamination. Guests are welcome to bring their own equipment, such as life jackets, fishing poles, riding helmets and sports equipment, if they prefer.
- As a precautionary measure, shared books, puzzles, board games and playing cards will no longer be provided. We encourage guests to bring their own to use during their stay.
- Some public areas may be closed off or assigned to specific groups, such as conference rooms, guest lounges and restrooms, to promote social distancing.
- Staff led activities will be scheduled in advance to allow for greater social distancing and cleaning between groups.
- Parents/adult leaders may be asked to provide hands-on assistance with their child(ren) for some staff led activities, such as archery and horseback riding, to help staff maintain social distancing.
- Meals may be served by staff instead of buffet style, depending on current health guidelines. Some meals may be offered as "grab and go" so they can be enjoyed outdoors. Dining room seating may be assigned to maximize spacing between groups. Meals may be served at staggered times to reduce the total number of people in the dining area at any one time.
- You will see frequent cleaning and disinfecting of shared spaces and supplies.
- Guest rooms will be rotated whenever possible to allow the room to "rest" for a few days between guests. According to CDC guidelines, this reduces the risk of spreading the virus.
- Lutheranch staff and volunteers who interact closely with guests will be wearing masks.
- Signage will be posted throughout the facility related to COVID-19.
- We respectfully request guests who have knowingly been exposed to or lived with someone who had COVID-19 or experienced symptoms of COVID-19 during the 14 days prior to their scheduled arrival date to refrain from coming to Lutheranch. Contact our reservation office at 828-209-6302 and we will issue a credit that can be used toward a future program or retreat. We ask this to protect the safety of our guests, staff and volunteers.

Updated 7-15-2021

- We ask guests to bring their own face masks, hand sanitizer and reusable water bottle to use during their stay. This helps us manage costs associated with COVID-19 and allows us to keep our prices affordable.

What to Expect: Upon Arrival

- In addition to our standard check-in procedures, all guests will be required to sign a COVID-19 Liability Release . This document can be found on our website for review prior to your arrival.

What to Expect: During your Stay

- Our goal is to make your stay as enjoyable, safe and stress-free as possible. Our staff and volunteers will be working hard to keep facilities clean and guests safe. We need your help by doing the following during your stay:
 - Wash hands frequently and practice good hygiene.
 - Practice social distancing between yourself and those outside your family group.
 - Pause and let others pass in the hallway.
 - Follow the mask requirements and ensure mask covers your mouth AND nose.
 - Use the restroom in your guestroom instead of the shared public restroom.
 - Avoid leaving the property during your stay.
 - Immediately inform staff if you start to feel ill.
 - Take advantage of the beautiful Lutheranch site! Enjoy a picnic by the rec field, walk the prayer labyrinth, have a campfire by the lake, take a leisurely hike. We encourage guests to spread out and spend as much time outdoors as possible. Sunshine is good for the soul and bad for the Coronavirus.

While the world has undergone many significant changes over the past year, what hasn't changed is our mission to invite people to Lutheranch to enjoy the wonders of creation, build community with one another and strengthen their relationship with Christ. We look forward to welcoming you to Lutheranch and providing an enjoyable and safe stay.

Sincerely,

Lutheranch Camp & Conference Center
